Dear Sir

Application under Part 2 (5) (1) of the Neighbourhood Planning (General) Regulations 2012 for the designation of a Neighbourhood Area

Stoke Climsland Parish gives notice that they wish to make an application for the designation of a Neighbourhood area under Application under Part 2 (5) (1) of the Neighbourhood Planning (General) Regulations 2012 for the designation of a Neighbourhood Area for the purpose of producing a Stoke Climsland Neighbourhood Development Plan.

The application is accompanied by a map identifying the area to which the application relates, being the entire parish area of Stoke Climsland.

This area is considered appropriate to be designated as a neighbourhood area for the following reasons:

- This reflects the Planning boundary for the Parish Council and is the local administration area.
- This will align with the Parish Plan and the adjoining parishes.
- It aligns with the Parish Plan of 2004, which has been acted on since conception.
- In the guide lines, there is a presumption that the local Council will define the Neighbourhood Area based on the planning area.

The qualifying body is the Neighbourhood Forum which was set up following an open meeting and is delegated to act by the Parish Council.

Yours sincerely
