

CORNWALL
FIRE & RESCUE SERVICE
A service of Cornwall Council

Cut out the smoke alarm below and stick it up at home to remind your family to stay safe by testing your fire alarm every week. It's easy to forget, but it's very important as it could help save your life! If you don't have a smoke alarm, register for a free home fire safety check online at: www.cornwall.gov.uk/HFSC or call free on 0800 3581 999.

Don't forget!

**Test my batteries every week
& hear me beep!**

#TestItTuesday #PressToTest
