

Planning Agents Forums Programme for 2018

Following the successful Agents Forums held in July and October 2017, we've listened to your feedback and have put together the following programme for 2018. The 2018 Forums will be aimed at a maximum of 60 delegates per event concentrating on two specific themes with more time for your questions, and will include a general Development Management update.

The programme sets out the year's worth of training (that qualifies for Continuing Professional Development) so you can pick out your topics of interest and attend the relevant Forum.

8 feb

Camborne:

- How to get the best from Community Engagement.
- Neighbourhood Development Plans and their impacts.

29 jun

Bodmin:

- Cornwall's World Heritage; using the WHS toolkit.
