17 January 2018

Dear Representor,

Examination of the Cornwall Site Allocations Plan Document

Please Note

This letter requests specific action from Representors, indicated in bold italic.

This letter and attachments strictly relate only to the Site Allocations DPD. Although the same Inspectors are appointed to the Minerals Safeguarding DPD, that Plan is being examined independently and separate correspondence and guidance will be issued in due course.

Detailed Programme Issues Version 1

1. Based on responses to my letter of invitation Ref PO.S1 Invite Letter Cornwall Sites Allocations Development Plan dated 11 December 2017, I attach a Detailed Programme of Hearings and Lists of Participants with directions to hearing venues. The programme remains a 'travelling draft' and is therefore subtitled 'Version 1'. This and all future versions of the programme are **to be read in conjunction with previous guidance and schedule of matters and issues docs Refs INSP.S3 and INSP.S4.**
2. Not all responses to my invitation were complete in every respect and you are therefore **requested to study the programme** to ensure that your name is listed against the Matters on the days on which you wish to speak. If you have any queries please raise them with me **as soon as possible**. The Inspectors plan to review and, if necessary, update the programme in the lead up to the hearings and will issue session agendas shortly in advance or at the hearings themselves to assist in focussing the discussion, taking account of Position Statements or original representations. You are reminded that PSs are **to be submitted by 2 February 2018.**

Lead Inspector:
Inspector:

Brian Sims CEng MICE MRTPI
Thomas Bristow BA MSc MRTPI

Please note that INSP.S7 Detailed programme issue version 1 -16 January is the first version and subject to amendment to correct any omissions or errors raised with the POs and that we expect to issue a further version if necessary about 7 Feb.

Yours faithfully,

David Coulthard
Programme Officer
