## Porthtowan village parking and traffic management feedback questionnaire

Cornwall Council is engaging with the residents and users of Porthtowan village to identify issues on Beach Road, West Beach Road and Sandy Road.

We are keen to hear your views, thoughts and concerns about the current traffic situation and how you feel that this could be improved.

We would like everyone to have an opportunity to be able to shape a future formal consultation exercise for Porthtowan based on the findings from this engagement session.

We have set out some suggested changes to parking arrangements and traffic management on the exhibition material.

Once you have had a look, please complete this feedback questionnaire to let us know your views. The closing date for all responses is **14 September 2018**.

All comments and feedback received will be considered and the results will be published on the Parish Council website and on Cornwall Council's website, on the Porthtowan parking and traffic review page in mid-November 2018.

Please note that any future schemes that may emerge as village priorities from this engagement session will be subject to funding availability and competition against other Cornwall Council priority schemes.

**Please tell us your postcode.** We need your postcode to be able to assess from how wide an area feedback is received. We will not use your postcode for any identification purposes.
