

Long Rock Coastal improvement scheme

Long Rock Sea Defence and Marazion Marsh Works Project Overview

- These works are being wholly funded by grants from the **European Regional Development Fund (ERDF)** and the **Environment Agency Flood Defence Grant-in-Aid (FDGiA)**. They are being delivered by **Cornwall Council** in partnership with the **Environment Agency** and with strategic partners the **RSPB, Natural England, Network Rail** and the **St Aubyn Estate**.
- **Cormac Solutions Ltd** are the designers of the scheme and **Ward Williams Associates** are the project and cost managers.
- All construction activities will be scheduled to avoid significant nesting and migration periods.
- To ensure best practice throughout this project, the scheme will be subject to a Civil Engineering Quality (CEEQUAL) assessment, as well as Considerate Constructors Scheme review.
