Dear Mr Sims and Mr Bristow,

Cornwall Sites Allocation DPD Report

I write to you with regard to the anticipated timescale for receipt of your report on the Cornwall Sites Allocation DPD. I have been contacted by various residents within Bodmin setting out their concerns regarding the time taken to bring the examination process to a conclusion. Furthermore, the Council is also keen to understand the outcome of the examination process, so that we can all move forward on a positive footing.

As a result, I would be very grateful if you would be able to provide an update on the examination process, in particular the anticipated timescale for the publication of your examination report.

I understand that you will have many competing priorities, but I'm sure you will appreciate that the Council and its residents are keen to see a conclusion to the examination process; so if you could provide some assurance around timescales, I'm sure this will go some way to ease the concerns of our residents.

Yours sincerely

Cllr Bob Egerton
