**Response provided under:** Freedom of Information Act 2000

**Request:**

**Me as H.E. are gathering data for a publicity campaign with NFU and Counties around agricultural vehicles involved in collisions within the S W region.**

**Because data is taking a time to be produced and be validated we are looking at 2017 and back 5 years so that all Counties are providing the correct information.**

**Could I therefore request.**

**Break downs of Severity fatal, serious, slight on all requests. Not include D.O.s**

**All collisions where an Agricultural vehicle has been included in specific vehicle type. ( I am not worried if primary/secondary or just involved in the collision)**

**Can we go back five years to include 2013 to 2017. Each year broken down so I can see any trends please.**

**Can you please also then filter between the trunk roads and County roads. So that will produce three separate amounts of data A30, A38, All Cornwall roads (not need to define A/B/C classes of road)**

**Yes appreciate quite a bit of work but we have got to be as accurate as possible and need specific identical data for all our partners.**
