Response provided under: Freedom of Information Act 2000

Request:

Please could you list the fire engines in your service, specifying the year, make, model and how much they cost to procure.

In the case of lease vehicles please indicate the total cost for comparison, once all the payments are made.

The phrase "fire engines" is meant as a common sense term to denote all pumps, pump ladders, aerial platforms and fire rescue units etc.

If this information is already in the public domain, please indicate where we can find it.
