

## Meeting Notes

**Meeting Title:** St Agnes and Perranporth Community Network Panel  
**Date:** Thursday 21<sup>st</sup> November 2019  
**Time:** 6.30pm-8.30pm  
**Location:** Perranzabuloe Parish Rooms

<b>Attendees</b>	<p>Ken Yeo – Perranzabuloe Parish Council (KY) – Chair          CC Michael Callan – Perranporth (MC)          CC Joyce Duffin – Mount Hawke and Portreath (JD)          CC Mike Eathorne-Gibbons – Ladock, St Clement and St Erme (ME-G)          CC Adrian Harvey – Newlyn and Goonhavern (AH)          Jonathon McCulloch – St Allen Parish Council (JM)          Rob Norrington – Perranzabuloe Parish Council (RN)          Martin Ripper – St Agnes Parish Council (MR)          William Rogers – Perranzabuloe Parish Council (WR)          Rod Toms – St Newlyn East Parish Council (RT)          Tatiana Cant – Perranzabuloe Parish Council (TC)          Alistair Johnson – Perranporth School (AJ)          Alison Barrett – Perranporth School (AB)          Miriam Richardson – Richard Lander School (MR)          Nikki Kelly – Perranporth Surgery (NK)</p>
<b>Officers</b>	<p>Louise Hamilton – Early Help Team Manager (LH)          Rick Clayton – Cornwall Council (Major Transport Lead) (RC)          Sharon Hindley – Head of Education Access and Sufficiency (SH)          Alex Polak – Head of Councillor Support and Democratic Process (ASP)          Roger Gates – Community Link Officer (RG)          Elisabeth Allcorn – Communities Support Assistant (EA)          12 Members of the public (MOP)</p>
<b>Apologies for Absence:</b>	
<p>Andy Brown, Bill Forbes, Alan Percy, John Slater, Les Hallwood, CC Pete Mitchell, Mark Lloyd (Goonhavern School),</p>	

	<b>Action Point</b>	<b>Action by:</b>
<b>1.</b>	<p><b>Introductions:</b>  <b>(a) Health &amp; Safety information</b>  <b>(b) Representatives at meeting introduce themselves</b>  <b>(c) Apologies for absence and late arrival</b></p> <p>KY welcomed everyone to the meeting. Introductions and apologies were given. Apologies for late arrival from Cllr Joyce Duffin.</p>	
<b>2.</b>	<p><b>Education update</b></p> <p>KY introduced Sharon Hindley from Cornwall Council's Education Services</p>	

Action Point	Action by:
<p>SH gave an update on primary and secondary school places in response to concerns raised. SH reported that Perranporth primary school is expanding by 105 places and will have 315 places (1 ½ form entry). The expansion will be a complex lengthy build of between 36-50 weeks and will be available by September 2021.</p> <p>SH updated on secondary school place planning. Feasibility studies regarding secondary school place planning have now been completed. There are 4 schools for which our CNA is within the catchment area for, these being: Tretherras School and Treviglas Academy (both Newquay) Richard Lander and Penair School (both Truro). A meeting is to be held with the 4 schools in January to discuss potential expansion schemes.</p> <p>SH spoke about the Central Free School Programme and advised that Cornwall had been contacted about potential interest in a secondary free school for Cornwall as we have been identified as an area needs additional secondary school places.</p> <p>Cornwall Council sent information to all secondary schools and multi academy trust in Cornwall advising them of the deadline for applications 18<sup>th</sup> November 2019. Purdah will likely mean a delay to any announcement but one is expected in early 2020.</p> <p>The proposed new secondary free school is the medium to long term plan to meet demand for pupil places. In the short term, the need will be met by expansion schemes. Need to consider schools capacity in terms of stability, performance and resources.</p> <p>Government provides a service to help fund a free school which covers the costs from land identification to completion; represents potential £25 million investment in Cornwall should the new secondary free school proceed. If the free school bid is unsuccessful we need to look at Cornwall Council routes for securing funding. DoE approached Cornwall Council so good reason to feel hopeful.</p> <p>KY reminded everyone this is just an update, if a question can't be answered now please leave contact details and we will get you an answer.</p> <p><u>Questions, Comments and Answers</u></p> <p>Q - JM – what are the timescales? A – SH – minimum of 2 years.</p> <p>Q - MOP – Has any area between Newquay and Truro been identified. A – SH – No land has been identified, but likely to be somewhere along the North Coast likely between St. Agnes and Cubert areas.</p> <p>Q – MR – How can you secure funding for existing schools revenue? A – SH – Funding is wholly dependent on pupil numbers on roll at a school as schools are funded on a per pupil basis, this is called the Age Weighted Pupil Unit (AWPU). We don't anticipate numbers will fall away from other schools if this school is built as there</p>	

	<b>Action Point</b>	<b>Action by:</b>
	<p>will be demand for places from new housing locations, e.g. Langarth. Data pack provided showed where children are coming from, partner schools, feeder schools and migration data.</p> <p>Q – MOP - Does that take into account houses being built? A – SH – yes houses being built were taken into consideration, forecast is based on 2030 predictions which also include the enhanced ‘pupil yield’ from housing model that the Council has developed.</p> <p>KY asked anyone who has further questions to direct them to Cllr Callan or Roger Gates.</p>	
3.	<p><b>A3075 update</b></p> <p>KY introduced Rick Clayton, Major Transport Team Lead. RC gave an update on Cubert Cross roads and Saints Trails scheme. Please see attached presentation.</p> <p>Cubert Crossroads various options but refinement of 2014 roundabout proposal found to be best solution. Recent scheme announced for pinch point schemes by local government £150 million nationally which must be spent in 2021/2022. Schemes developed to a reasonable state are what is preferred, so Cubert Crossroads is well placed. Expressions of Interest must be submitted by end of January 2020. If government is interested Cornwall Council will be asked to make a full submission. Looking to progress the bid in 2020. This proposal is of a value of approximately £5 million.</p> <p>RT asked that because the application will be made before the next CNP. Please can you update Cubert PC and St Newlyn East. RC confirmed Cubert crossroads will be included in the EOI from Cornwall so long as not over-ruled. Assuming dual carriageway scheme goes ahead it is assumed there will be less traffic on A3075.</p> <p>KY there are still concerns (raised with Highways England) that traffic will be going out to Gummows Shop junction to join the A30. Unless that road is improved a high volume of traffic is still going to be using A3075. Current traffic levels need re-checking.</p> <p>A30 dualling Inspectors report was handed to Secretary of State on 6<sup>th</sup> November 2019 (day parliament was dissolved). However there is a statutory duty on government to make a decision by 6<sup>th</sup> February 2020.</p> <p><b>Saints Trails Update</b></p> <p>RC explained there was a leaflet drop earlier today in Goonhavern and St Newlyn East which detailed some of the initial proposals for the Saints’ Trails in those areas. This is an opportunity for every household to comment on these proposals, please complete the forms whether you support or oppose the scheme.</p>	

Action Point	Action by:
<p>RC gave an overview of the public engagement sessions over the Summer where there was 90% support in favour of the proposals. Work is ongoing to finalise routes – nearly at the end of that process. Route recommendations and land requirements will be reported to cabinet on 18<sup>th</sup> December and papers published by 10<sup>th</sup> December. Subject to Cabinet approval will proceed with the schemes.</p> <p>Assuming all approved early planning applications will be made where required. Twelve months' worth of environmental surveys are needed in some areas. General approach has been to secure the land by agreement with landowners. Plan at Goonhavern is to provide a link through the village which will incorporate widening footways, crossing points and a signalised crossing for cyclists. Hope to deliver as much of this scheme as possible by March 2021; target date to open Saints Trails by.</p> <p>Will write to landowners who are impacted at the same time as report going to Cabinet.</p> <p><u>Questions, Comments and Answers</u></p> <p>Q – RT – Newlyn East hasn't had any consultation on this. Main concerns 1. Main centre of activity in Newlyn East area is Lappa Valley. 2. Place where visitors will congregate (road between St Newlyn East and Cubert) is single track, the main parking area is at back end of Lappa Valley. Also keen on local heritage in the area. Overlooked this area as a World Heritage Site for mining. Some of the Saints Trail area should be listed as former mining trails which miners used to walk (i.e. through Metha Woods – narrow track for 1 person with river on other side of it. Hard surface here is going to damage this area). St Newlyn East Parish Council are finalising their Neighbourhood Development Plan (NDP) which is going to be impacted by this.</p> <p>A – RC – looking to progress St Newlyn East section in the new year – letters will go out in February/March 2020. Routes will be confirmed when we go to cabinet. Can't finalise it until we have approval. After 10<sup>th</sup> December this information will be in public domain and I am happy to work with you on this i.e. information boards about the history of the area – can be included in planning aspect.</p> <p>Q – JM – St Erme and Trispen section will go through Bishop Wood. St Allen Parish Council have suggested using surrounding countryside rather than going through the woodland. Can this be done?</p> <p>A – RC – the route identified by Highways England proposes 2 possible trails through the woods and these are linked to the Highways England A30 dualling work; discussions are ongoing with Forestry England.</p> <p>Q – TC – a cycle hub in Perranporth has been mentioned – is this going ahead?</p> <p>A – RC – follow on work like cafes/cycle hubs is not part of our plan and would have to happen after Saints Trails completed.</p> <p>KY – during Chris Hines presentation at the last CNP the missing link between Perranporth and St Agnes was discussed, will this be included in future funding proposals?</p>	

	<b>Action Point</b>	<b>Action by:</b>
	<p>A – RC – hopefully this will be included within the next tranche of funding.  Comment - Kevin Havill – working on Perranzabuloe NDP. It is important for us that cycle trail will end in the centre of the village to maximise benefits.  A – RC – the area of ground leading up to the Co Op is where the trail will end.</p> <p>Q – Chris Ashby-Zwozdiak - I have heard an area of 20 acres is going to be lost through this track – how will you negate this loss?  A - RC – need to identify net gain, have identified areas of mitigation land have identified areas of land i.e. woodland and wetlands.</p> <p>Q – JN/MOP - surveys for Dormice run for 12 months – presumably you can't start until these are completed.  A – RC - ecologists and environmental team have already begun these surveys.</p> <p>Q – MOP - how much money is being ring fenced for habitat protection?  A - RC – don't know figures off the top of my head. RC to provide RG with an estimate.</p> <p>Q –Rupert Ridout-Jamieson – what are estimated user numbers for this trail for year 1 to year 5?  A – RC – estimates are that Newquay-Perranporth section will be comparable to Camel trail – RC to send the report that has been done to RG.</p> <p>Q – Rupert Ridout-Jamieson – asked what measures are being taken to manage possible night time anti-social behaviour.  A – RC – We are looking at measures for fencing/security screening as necessary.</p> <p>Comment - JD - asked that consideration is given for a St Agnes to Portreath section under future phase 2 for this project.</p>	<p></p> <p><b>RC/RG</b></p> <p><b>RC/RG</b></p> <p></p>
<p><b>4.</b></p>	<p><b>Items from Community Network Panel members</b></p> <p><u>St Agnes</u>  RG updated on whether an alternative supplier to CORMAC could be used for the poles. AD has advised streetworks team have a list of contractors who can be used; email AD/RG for more information.</p> <p><u>Perranzabuloe</u>  RN – The Parish Clerk is organising a meeting to look at Beach Road proposals for Highways Scheme funding.  KY attended Camborne Pool Illogan and Redruth CNP and Truro and Roseland CNP over last 2 weeks. Similarities and differences were very interesting.</p> <p>For example, Truro and Roseland CNP are paying £17,000 for each Vehicle Activated Sign (as per Cornwall Council/CORMAC costing methodology). SSE quoted one sum and on arrival at site to carry out the work due to complexity of the location - the cost had to be increased to c£19,000.</p>	<p><b>ALL</b></p>

	<b>Action Point</b>	<b>Action by:</b>
	<p>People developing NDP's can look at policies relating to the environment and climate change. Cornwall Council have declared a Climate Change emergency as have many town and parish councils across Cornwall. Planning should be focused on reducing journeys to work and building where employment is located. Current North Coast developments need to factor this in.</p> <p><u>St Newlyn East</u>  RT – reported ongoing problems with contractors working on new development in Mitchell. Also concerns about the possibility of sewage run off; waste is being tankered away from local sewage works.  Flooding concerns – is it Environment Agency (EA) or South West Water (SWW) who are responsible for raising concerns? Want someone from EA to explain why they never object to a planning application on the grounds of a flood risk? Are EA responsible for raising these objections or should it be the SWW?  JD – Recently attended the Cornwall Flood Forum at Penzance – there were some really good speakers – Jackie Smith is the Sustainable Drainage Lead at Cornwall Council</p> <p><u>St Allen</u>  JM asked for a Highways scheme update.  RG - now down to 25 possible Highways schemes. Breakdown as follows:  St Agnes - 6  Perranzabuloe – 6  Saint Newlyn East – 4  Cubert – 5 - have already submitted Expressions of Interest (EOI's)  Crantock – 2  St Allen – 2  For a scheme to be considered an EOI must be completed – AD happy to meet and advise on potential schemes.  RG Happy to arrange meeting with AD ahead of deadline. RN agreed lets meet with AD first to identify suitable schemes.  There is £150,000 left for years 2, 3 &amp; 4.  Q - MC - asked for clarification about how to deal with proportionality of spending of the Highways Scheme budget – is it proportional voting?  A - ASP – from a governance perspective arrangements for voting are informal – ultimately decision goes to the Member. JD - last time it was a general consensus rather than only Parish representatives and Members.  AD must check schemes are viable before they are voted on.  KY &amp; RG to investigate before next meeting.</p>	<p><b>RG</b></p> <p><b>ALL</b></p> <p><b>AD/RG</b></p> <p><b>KY/RG</b></p>
5.	<p><b>Notes of last Panel meeting (19<sup>th</sup> September 2019)</b></p> <p>Page 2 EA to follow up Goonhavern traffic figures from Josh Hodder for AH.</p> <p>Cllr Geoff Brown pursuing keeping town &amp; parish councils updated about how their schemes are progressing. KY reported no emails have been received about upcoming</p>	<p><b>EA</b></p>

	<b>Action Point</b>	<b>Action by:</b>
	<p>Highways meeting for Early December.</p> <p>The notes were agreed: Proposed by RT and seconded by JD. Unanimous in favour vote from the Panel Members.</p>	
<b>6.</b>	<p><b>Date of next meeting and themes for future meetings</b></p> <ul style="list-style-type: none"> <li>- Cllr Edwina Hannaford, Portfolio Holder - Climate Change and Neighbourhoods - Locality work with Cornwall Council.</li> <li>- Saints Trails update</li> <li>- Good Companions</li> <li>- ASP February CNP will be within the 3 months of formal consultation for Community Governance Review. Might be a good time to have discussion here. Decision on what proposals are going to be taken forward will be made on 10<sup>th</sup> December at extraordinary full Council meeting. AH and ASP to discuss case of substitute on electoral review panel after the meeting.</li> <li>- RG introduced Louise Hamilton from Children's Service – Local family partnerships – evolved from Sure Start Children's Centres. Major deficit in youth provision for young people &amp; families in Porthtowan. Would like to come and talk to the panel about her work. CNP agreed to this proposal.</li> <li>- A30 dualling update</li> <li>- A3075 and Cubert Crossroads update</li> </ul> <p><b>Date: Thursday 13 February 2020</b> <b>Time: 6.30pm–8.30pm</b> <b>Venue: Perranzabuloe Parish Rooms</b></p>	<p><b>ASP/AH</b></p> <p><b>LH/RG/KY</b></p>
<b>7.</b>	<p><b>Future Panel Meeting Dates</b></p> <ul style="list-style-type: none"> <li>- <b>Thursday 23 April 2020</b></li> <li>- <b>Thursday 25 June 2020 – AGM</b></li> <li>- <b>Thursday 17 September 2020</b></li> </ul>
