Employee travel to work survey

We are applying for a Travel to Work grant and need this information to assist our application.

The Travel to Work grant is designed to make it easier for those that want to travel to and from work in a more sustainable way than by car as the solo occupant.

The aim of this is to reduce congestion on site and in the local area, help provide less stressful options for travelling to work and to provide opportunities to build healthy exercise into daily life.

The answers given in this survey will be used to find out how a grant could best be used to support employees in travelling sustainably to and from the workplace.

About you

1. Your place of work

2. Your home postcode

3. Gender Male Female

4. Age group Under 17 17-24 25-34
