

## **Ten tips to help your library to help you**

1. Sign up for a group card. Your group has access to over 500 sets of books; free reservations on book sets; and long loans.
2. For Book Group members there are no charges if a complete set is returned, even if it is late back (Please note, your group may be charged if any books are missing from the set when it is returned to the library).
3. Let your library know if there is somebody in your group who needs Large Print or audio books
4. Ask about the list of available sets. Also available online at <https://www.cornwall.gov.uk/leisure-and-culture/libraries/whats-in-our-libraries/reading-groups/>
5. Staff at your local library can help you to find something new or different if you tell them what type of read you are looking for
6. Make use of the library web pages and Facebook pages for hints, tips, reviews and links to other useful websites
7. Please return books on time wherever possible, but wait until you have all the books in the set before you return it to the library.
8. Please be patient if a set you have ordered takes a long time to arrive. The sets are issued for 12 weeks to give groups plenty of time to collect the set from the library, read the book, hold a meeting and return the set so there will be delays on popular titles.
9. Be prepared to write a short book review about the book you have read.
10. If we don't have a set of the title you want to read, tell your library. We follow up as many suggestions as we can and regularly buy new sets to add to our stock.
