

Green Infrastructure for Growth – Tolvaddon Road –
June 2019

<p>Empty tree pits before the works</p>	
<p>A concrete and tarmac desert on the main road between Pool and Camborne</p>	
<p>24 new trees have been planted along this bland stretch of road close to the college and fast food outlets.</p>

UNIVERSITY OF
EXETER

Great care was taken to excavate the existing tree pits and prepare the ground to ensure the maximum chance of survival for these species in harsh conditions.

Species included Italian alder...

...and sycamore to give good shape, colour and hardiness
