

Welcome to the St Austell to A30 Link Road exhibition

Since the consultation events in 2016 we've taken on board your views and comments and used them to help select the preferred route for the proposed new road. They also helped us to complete the scheme business case showing the benefits that the road will bring to the region and local communities, which was used to secure funding from both Cornwall Council and the Department for Transport.

This exhibition is to give you the opportunity to see the latest plans for the new road. We also want to engage with you in the local community to get your thoughts about opportunities to enhance the surrounding village roads which will see less traffic after the new road is open.

We've made real progress with our plans over the last couple of years and we will soon be submitting a planning application for the new road which will complete a significant step toward starting construction.

Please take this opportunity to find out about the plans in detail, talk to us and leave us your comments.
