

HEALTH & SAFETY INFORMATION

- CONSTRUCTION, MAINTENANCE, OPERATION, DECOMMISSIONING AND DEMOLITION PHASES**
- This drawing should be read in conjunction with the Pre-Construction Information and any existing Health and Safety File(s) produced.
 - In preparation of the construction method statements consideration should be given to the close proximity of any structures that may be affected by construction.
 - The contractor shall refer to statutory undertakers' layout drawings and identify locations of existing underground services prior to carrying out excavation works.
 - WPD - HV (11kV) underground cable
 - BT plant in area
 - Refer to the designer's risk register and the works information for full details of the residual risks associated with this work. Significant residual risks are listed here and referenced on the drawing:
 - Working adjacent to pedestrian and vehicular access
 - Working near live services

- Notes**
- Planting locations to be checked against utility/services positions
 - Tree species to be selected from: Malus sylvestris, Betula pubescens, Prunus avium, Sorbus aria, Sorbus aucuparia, Crataegus leavigata "Crimson Cloud".
